The Northeast Texas Economic Developers Roundtable (NETEDR) is a voluntary association of economic development practitioners in an area encompassed by the Ark-Tex and East Texas Councils of Governments.

Excellent Opportunities

The North East Texas area offers a variety of excellent real estate opportunities, including heavy industrial to campus-style industrial parks as well as existing and shell buildings.

Skills & Productivity

We are a region of 1.1 million people in a moderate cost environment. Our workforce boasts experience in technology, manufacturing and energy services - they have the skills and productivity your business needs. With an average unemployment rate of 6.8% and a 48/52 percent split between blue and white collar professions, we are ready to go to work for you.
